

Is This Love

*I look in your eyes, you look into mine, is this a fantasy or still reality
Oh baby is this love?
You held me close my love, you took me for a ride, you made my life complete,
you made me warm inside
Is this love?*

Chorus:

*Is This Love or is it fate or is it a dream, I wanna know 'cause it's driving me
insane*

Is This Love I don't wanna live without it, so baby tell me, baby tell me

*You whisper in my ear things that I wanted to hear, you gave me pleasure
You made my cry in the rain
Is this love?*

*All Those crazy things, we made our dreams come true, I'm lost for words now
babe, and there's nothing I can do so baby is this love?*

Chorus:

*Is This Love or is it fate or is it a dream, I wanna know 'cause it's driving me
insane*

*Is This Love I don't wanna live without it, so baby tell me, baby tell me
If this is love*
