

Nothing Can Bring me Down

I want to fly, high and touch the sky. Once again I'll be up there rushing on my rush, a purple sky is on my mind never won't back down.

Soon I'll be free, soon I'll be released

Chorus:

Nothing can bring me down

Nothing can bring me down

Nothing can bring me down

Cool I am, feel love again. Free at last and nothing can bring me down, I left my problems down there on the ground

Soon I'll be free, soon I'll be released

Chorus:

Nothing can bring me down

Nothing can bring me down

Nothing can bring me down

Music Bridge:

I want to fly, high and touch the sky. Once again I'll be up there rushing on my rush, a purple sky is on my mind never won't back down.

Soon I'll be free, soon I'll be released

Chorus:

Nothing can bring me down

Nothing can bring me down

Nothing can bring me down
